REMOISSENET PÈRE & FILS

Remoissenet Père et Fils, head quartered in a stunning 14th century building in the heart of Beaune, is one of Burgundy's most venerable producers.

Until recently Remoissenet has been in the careful hands of Roland Remoissenet; a figure described by Robert Parker as 'one of the most dashing' in Burgundy. Now under new ownership and the dynamic management of Bernard Repolt (previous president at Louis Jadot) and winemaker Claudie Jobard (the daughter of Laurence Jobard - winemaker at Joseph Drouhin for 30 years), the continued quality of this legendary producer is assured.

Remoissenet has the largest cellars of aged Burgundy in the world. The ancient cellars are full of treasures going back to well before World War II. Just gaining access to top wines of the region has always been a challenge for Burgundy collectors, which is why we feel privileged to have access to such a rare collection of aged Burgundy.
